DEPT OF BIOTECHNOLOGY

Academic Year (2022-2023)

Feedback on Curriculum Received from Students, Alumni, Parents and Faculties

Sr. No.	Feedback	Action Taken and its overall impact
1.	The students suggested to organise Industrial visit and provide guidance on soft skills and personality development.	The Dept. organized Industrial visit to Pune and conducted career guidance session for the students. This helped the students to become more career oriented.
2.	The parents suggested to conduct field visits for the students and provide information to them about their wards.	The Dept. organized field visits. The Dept. prepared a list of defaulter students and conducted parents' teachers meeting to give information about the students to their parents. This helped to improve the attendance in the classroom.
3.	The alumni and the faculties suggested to increase the exposure of the students towards the industries.	The Dept. organized Special lectures and invited industry experts like Dr. Arvind Lali, Dr. Reena Pandit to provide guidance to the students. This provided industrial exposure to the students. Also, it was discussed in the Dept. meeting to include compulsory project and internship in the curriculum from the next academic year.

ACTION TAKEN REPORT

Academic Year (2021-2022)

Feedback Received from Students, Alumni, Parents and Faculties

Sr. No.	Feedback	Action Taken and its overall impact
1.	The students were satisfied with the overall syllabus. Some of the students suggested to conduct guest lecture on 'study abroad'.	The Dept. conducted Guest lecture by Dr. Sumit Nayak on 'Study Abroad' in online mode to provide tips to the students about the studying abroad. Thus, the students received guidance about the same and were able to enhance their prospects on studying abroad.
2.	The parents suggested to provide career guidance to the student. Some of the parents suggested to provide online notes and reference materials to the students.	The Dept. conducted career guidance sessions for the students. Considering the pandemic situation, the Dept. provided all the learning resources like notes and reference materials in online mode to the students. Thus, the students were able to sharpen their career skills and improve their learning abilities in the pandemic situation.
3.	The alumni and the faculties suggested that the students should be sent to national level laboratories for project work to have insight of working in scientific community.	Majority of the students were recommended and got opportunity to IIT Powai, BARC and National level laboratories for their project work. Thus, this helped to provide first hand training to the students in the industry.
