Remedial Lecture/ Guidance Report

Before the October- ATKT exams the Department of Economics and Business Economics organized a remedial lecture for BA/BCom students who failed in the subject of Economics/Business Economics and applied for the ATKT exam. These lectures aim to overcome the learning obstacles of students, bridge the gap in understanding, and make the subject easy to understand. Remedial sessions help the students to understand the subject in a better way with special assistance from the subject teacher. With this activity, it is observed that students can pass and score good marks in the subjects of Economics and Business Economics.

In the academic year 2023-24, students who applied for the October- ATKT exam were listed and informed about the remedial lectures personally. In classes like B. Com where the number of students who got ATKT was more, the lecture was organized for them on 11th October 2023 at 7:15 am. Onwards. In other classes where the number of students who applied for the ATKT exam was less, one-to-one guidance was given. Guidance was given to 44 students either in the lecture or in the staff room one-to-one.

Teachers from the Department of Economics guided the students individually in the staff room or classroom. Teachers briefed students about the syllabus, study material, and paper. Majority of the syllabus was summarized by respective subject teachers. One-to-one guidance is given to students having different difficulties. Important exam-related instructions were given to the students.
