# B. K. Birla College

Remembering Basant Kumar Birla on his 4<sup>th</sup> Death Anniversary

B. K. Birla College staff members fondly remembered and paid tribute to the remarkable life and contributions of B. K. Birlaji on his death anniversary, 3<sup>rd</sup> July. Mr. Birla was an eminent industrialist, philanthropist, and a visionary leader who left an indelible mark on the business and social landscape of India. Under his leadership, the Birla Group witnessed significant growth and success, becoming one of the most influential and respected business entities in India. B. K. Birlaji's visionary approach, sound business acumen, and unwavering commitment to excellence propelled the group to new heights, both domestically and internationally. Aside from his remarkable business achievements, he established numerous educational institutions, hospitals, and charitable organizations, dedicated to uplifting the underprivileged and promoting social welfare. His contributions in the field of education were particularly noteworthy, as he believed in empowering future generations through knowledge and learning. The legacy of BK Birla ji extends beyond the realms of business and philanthropy. He was a staunch advocate of ethical business practices, corporate governance, and sustainable development. His values and principles continue to inspire generations of entrepreneurs and leaders, serving as a guiding light in the pursuit of success with integrity.

**NCC Army girls make paper bags**

Plastic reduces ecosystem's ability to adapt to climate change, directly affects millions of lives and species. Among major concerns is the time it takes to decompose. Plastics can anywhere take between 20-500 years to decompose, even that is not a guarantee as it only gets smaller by the time. As it disturbs the ecosystem of the place, the cadets of NCC volunteered a paper bag making activity on 8<sup>th</sup> July in College premises.

The NCC army girl's cadet made paper bags and distributed to the teachers and staff of the college. Their move was largely inspired by growing harm plastic is doing to the environment and to remove plastic from the campus.
